### IDEALLY LOCATED / DRIPPING SPRINGS

Transcendent Hill Country Views from this exceptionally private and gated 25+ acre Dripping Springs Estate. Comprised of an inviting 2600+ SF main home that captures the remarkable long-range vistas and rocked poolscape along with a fully appointed guest apartment attached to the three-car garage and 1800+/- SF insulated metal building complete with heated and cooled office space. This ranchette lives much larger than its 25 acre footprint in light of the elevated and relatively flat topography but remains easy to maintain.

*This ranch is studded with grand oak trees and a serene habitat for white-tailed-deer and songbirds. The land is equally as stunning as the views.*
